Part C: Reading Comprehension

It is impossible to express how much the guitar is loved by people. One out of every four amateur musicians in Europe plays the guitar. Even an ordinary player can produce a variety of music with this special instrument. Trying to find true reasons for the guitarist's ability to continue to exist through the years isn't hard. One strange theory by a well – known musician says that guitarists find security hiding behind the large instrument. But most people are not interested in accepting this idea because there are more obvious reasons for playing a guitar. It can be carried anywhere, it is inexpensive to buy and only a few lessons are required to learn to play it well.
