زنگ ریاضی

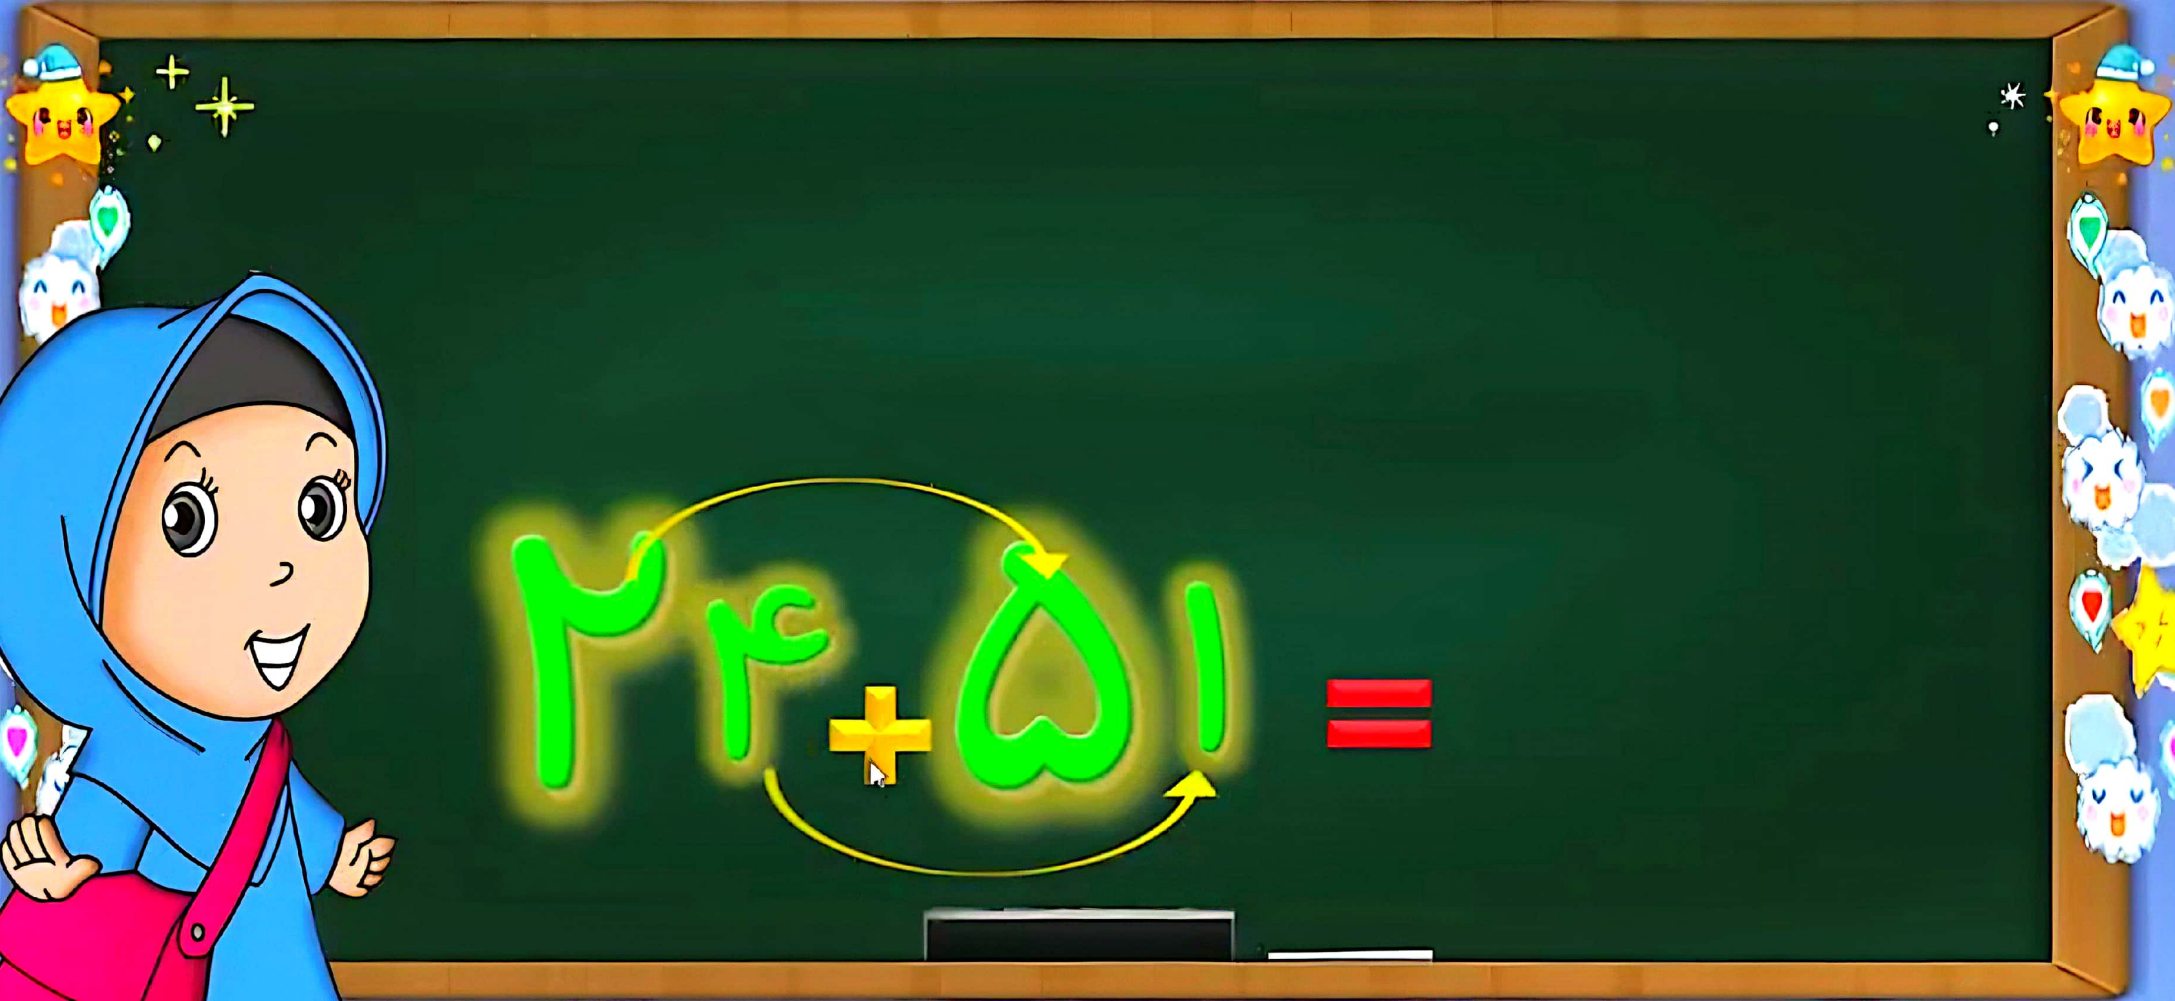

$$\text{م} + \text{م} =$$

The image shows a greenboard with the Arabic word 'م' (Meem) written twice in green, separated by a yellow plus sign. A yellow equals sign is to the right. Two yellow curved arrows indicate the stroke order for writing the letter 'م': one arrow starts at the top and curves down to the right, and another starts at the bottom and curves up to the right.

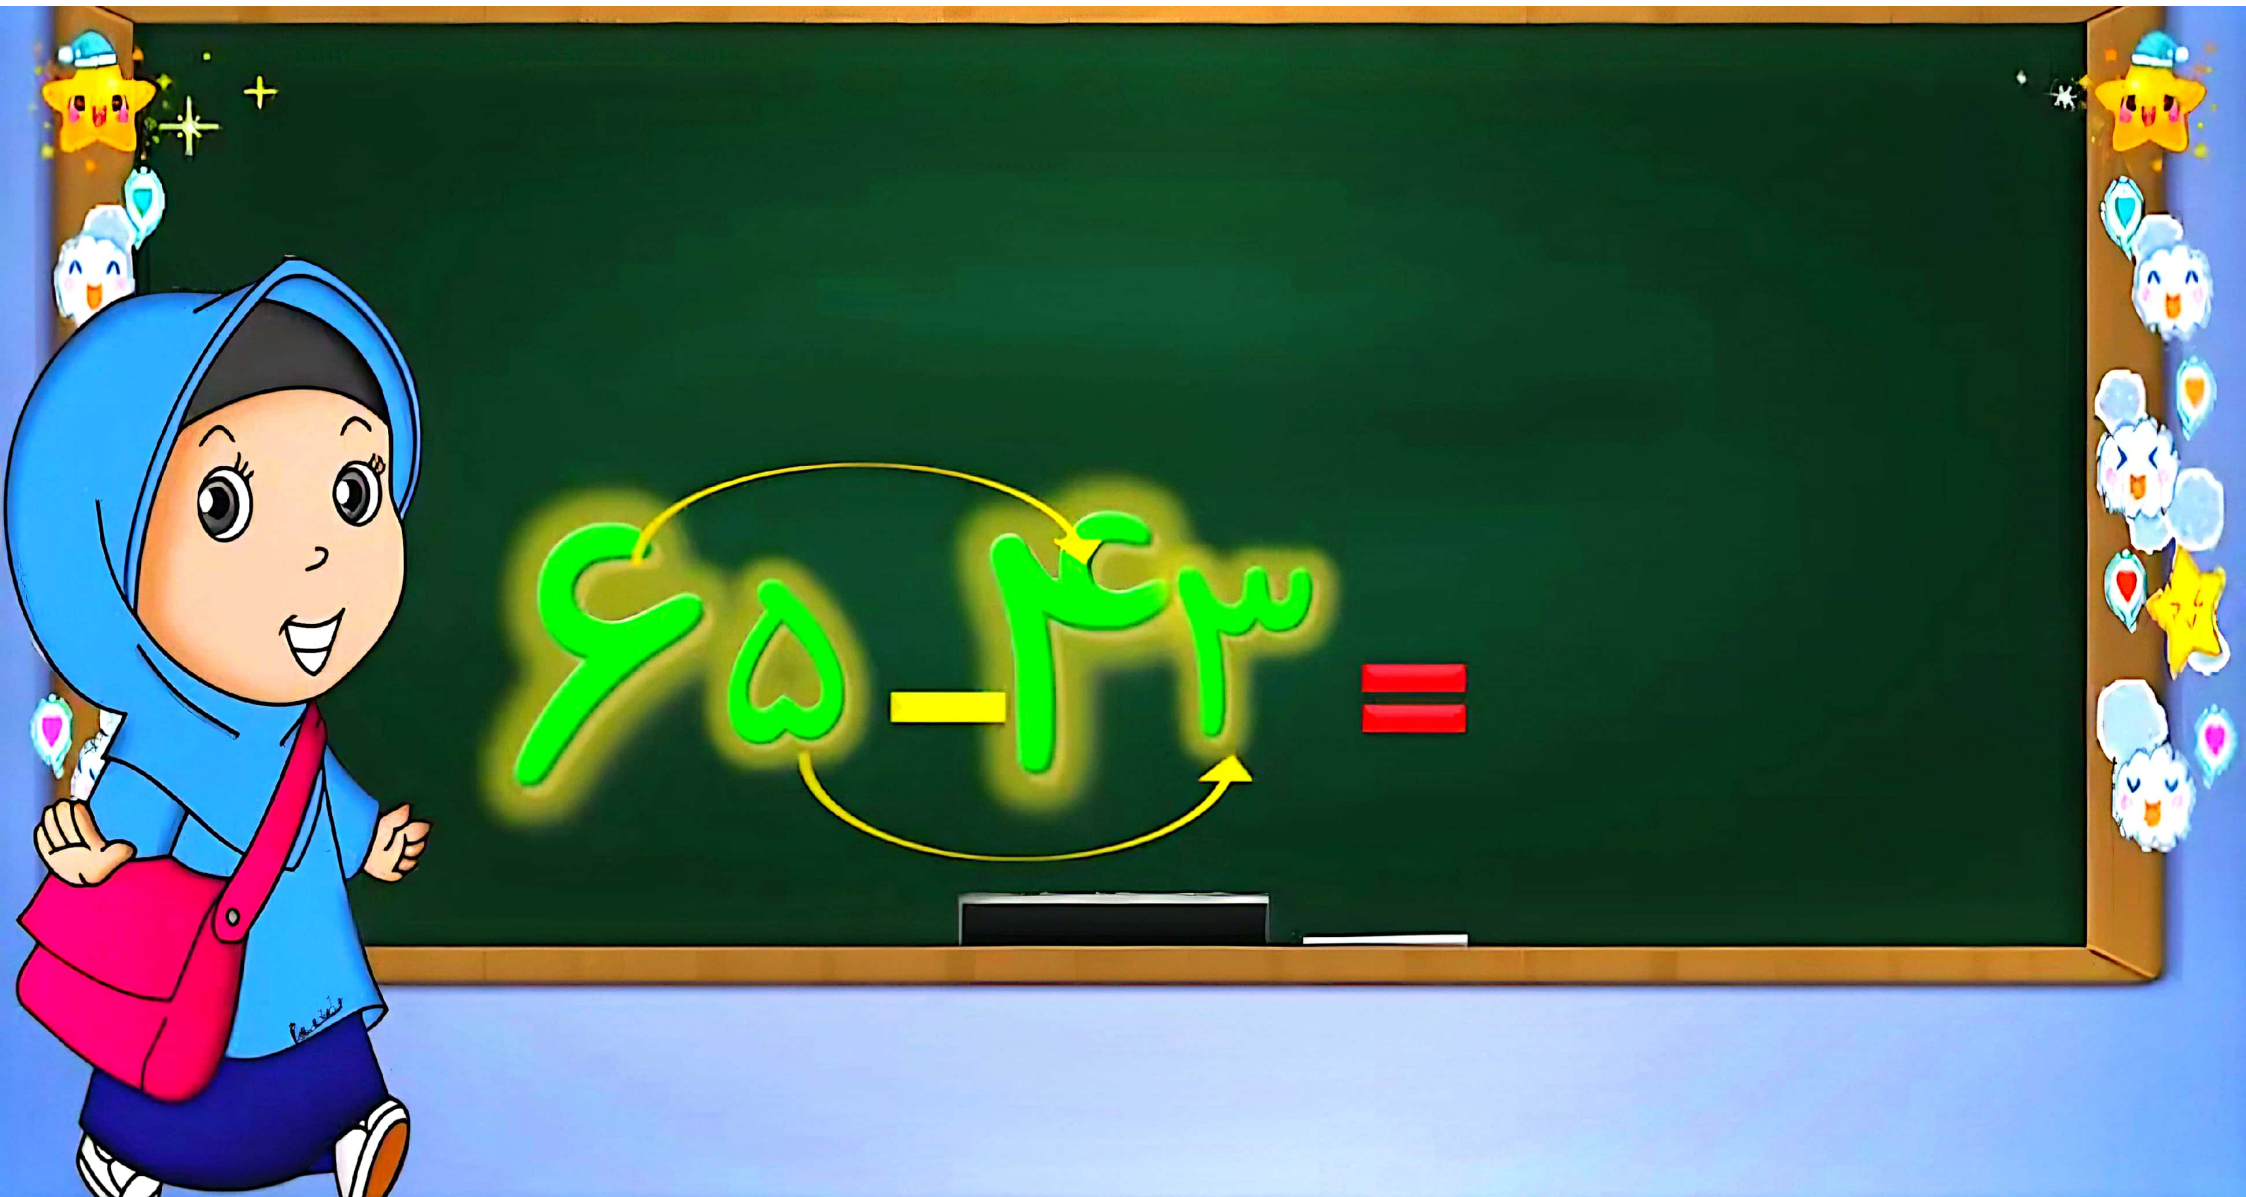

$$۲۴ + ۵۱ =$$

$$٤٥ - ٢٣ =$$
