

Remember

There are 100 cents in every dollar.

This is a game for two players.
Place all the money in the bank.

Each put your counter at the beginning of the track.

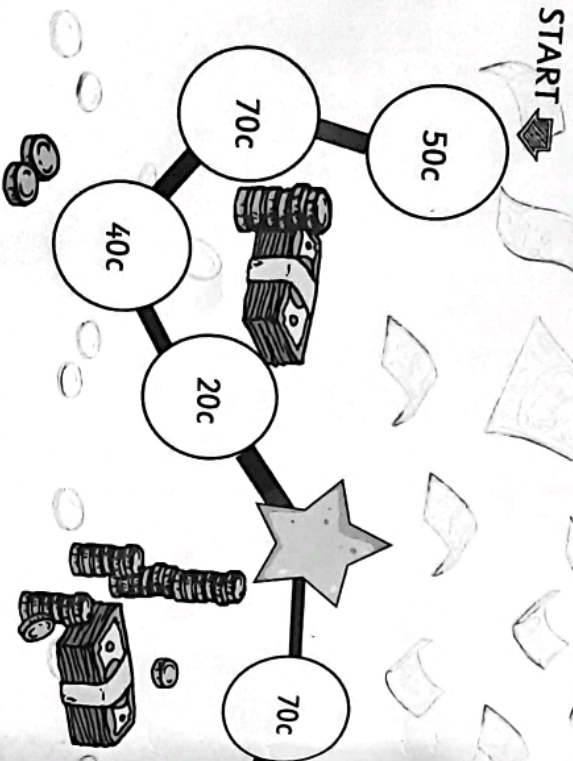

Take turns to roll the dice and move that number of the track.

If you land on an amount of money, take that number of spaces.

If you land on a star, take a dollar from the bank.
When you have collected 100 cents, exchange them for a dollar from the bank.

The winner is the player with more money at the end of the track.

You will need:
a collection of 10-cent, 50-cent and dollar coins or notes, a 1-6 dice, a tray or dish to use as a bank.

How much money did you collect?
Player 1 I collected \$ and cents.
Player 2 I collected \$ and cents.

Hint: Put 10 cent coins in piles of 10 to make a dollar. Two 50-cent coins make a dollar.
