

1. If you buy a book for \$2.50 and pay \$5.00, how much is the change due?
2. If the total is \$4.20 and you give the cashier \$10.00, how much change should you receive?
3. You bought a sandwich for \$3.50 and a drink for \$1.75. What is the total?
4. If you give \$20.00 for a total of \$17.85, how much change should you expect?
5. If the total is \$6.75 and you pay with \$10.00, how much change do you get?
6. Imagine you are buying a toy for \$5.99 and you give \$10.00. How much change will you get?
