

CHAPTER 1 **Alav**

**1.5. Make 10**

Use counters to make 10. Make 10 in a different way each time. Draw and colour your counters in the squares.

You will need: counters in two different colours and colouring pencils.

Hint:  $9 + 1$  and  $1 + 9$  are two ways of making 10.

 $1 + 9 = \square$	 $\square + \square = \square$
 $\square + \square = \square$	 $\square + \square = \square$
 $\square + \square = \square$	 $\square + \square = \square$

**13**

13/1
