

1.3. Number patterns

Remember

Even numbers make pairs. Odd numbers have one left over.

Count the number of circles and decide if it is an even number or an odd number.

Ex 

.....8..... even odd

1 

..... even odd

2 

..... even odd

3 

..... even odd

4 

..... even odd

5 

..... even odd

6 

..... even odd

7 

..... even odd

8 

..... even odd

9 

..... even odd

10 

..... even odd
