# Louvre Museum

A nighttime photograph of the Louvre Museum in Paris. The grand, ornate facade of the chateau is illuminated with warm, golden lights. In the foreground, the iconic glass pyramid, designed by I.M. Pei, is brightly lit and its reflection is clearly visible in the dark, still water of a reflecting pool. The sky is dark, and the overall atmosphere is one of historical grandeur and modern architectural contrast.

It is the largest art museum in the world. It has more than 380,000 objects and art works.
