Everyone

day, lots of people have been asking for information about clubs. As well as that, the school has received suggestions for new clubs, including ballroom dancing and ice skating!

What phrase does the writer use to ...

a say when a past event took place? \_\_\_\_\_

b introduce a personal opinion? \_\_\_\_\_

c introduce an additional point? \_\_\_\_\_

**Yesterday I took a yellow taxi**

**Yesterday I took a taxi**

## Writing Strategy

Where there is a word limit for the writing task, make sure you keep within it. If you went over the limit, decide which words you can delete. For example, there may be unnecessary adjectives or examples. When you have cut the words, make sure that a) the text still makes sense and b) all four points in the task are still covered.

Your school recently organised an open day for parents and students to find out about extra-curricular activities. Write a blog post about it for the school website.

- Where and when did the event take place?
- Who attended the event?
- What happened at the event?
- Give your personal opinion of the event and say what effects the event has had.

### **Paragraph 1**

- When and where did it take place?
- Which clubs took part? (Use clubs from exercise 1 or your own ideas.)

### **Paragraph 2**

- Who attended the show?
- How did the audience react?

### **Paragraph 3**

- What did you think of the show?

### **Paragraph 4**

- What would make the show better? A different time / venue? Longer / Shorter? Different acts? Anything else?

## Read your students writing and give him tips

You could mention what music the orchestra played.

Why don't you say how long the show lasted?
