### Transcript

1 I work as a receptionist in a hotel. The job is OK. There are lots of different things I have to do, like deal with the public, check guests in and out, answer the phone, use a computer, and so on. So every day is different. The problem is, I have to work long hours, sometimes at night, so I'm absolutely exhausted when I go home.

2 I'm an architect. I finished college last year and this is my first job. I love designing houses, creating something beautiful for people. I love working in a team and the other people in the office are great. But we all work very long hours. Luckily, I get quite a lot of money so it's worth it!

3 I'm a programmer. I work for a software company in London. I love my job. I often have to solve quite challenging problems, which is difficult and takes a lot of time, but I really enjoy it. I love the feeling at the end of the day when I have solved a really challenging problem.
