Hop a little higher.

# Post-viewing task :

- As you watched, make a list of the **problems** the zoo faces (e.g., no visitors, rumors of closing down).
- Next, list the **solutions** the animals come up with to solve these problems (e.g., making a commercial, using a satellite).
- Then discuss which solutions seem the most practical or humorous, and why.
- Which characters are involved in these solutions?

# Follow-up task

Watch the movie once again and write the story in your own words. Also provide these guiding questions to help you structure your retelling:

- What happened at the zoo?
- Why were the animals worried?
- What did they do to solve the problem?
- How did the zoo get visitors again?
