THE INVISIBLE FIGHT

LEVEL 1 SPEAKING CHALLENGE

Deception vs. Truth: Can you analyze the digital war?

THE MISSION: 3 SPEAKING CHALLENGES

1 THE DEEPFAKE DEBATE:
A friend 100% believes a shocking, fake video of a celebrity. How do you persuade them to think critically, without starting an argument?

2 THE OUTRAGE ENGINE:
If algorithms are designed to keep us angry for "likes", can we ever have a peaceful digital world when conflict makes them rich?

3 THE ANONYMOUS MASK:
Why does hiding behind avatars and bots make people so aggressive online? What should be the real-world consequence?

CHALLENGE YOUR MIND. SPEAK YOUR TRUTH.
