

Making Pizza with my Family

Today I am going to make pizza with my mom. I like to make pizza with my mom. Pizza is a food that tastes good. My brother is going to help us make pizza.

When we make pizza, we make the dough first. After that, we spread out the dough. Then we put sauce on top of the dough. Next we put cheese on top. Finally, we put on pepperoni.

My mom turns on the oven. My brother and I do not turn on the oven. The oven is hot and can cook the pizza. After twenty minutes, the pizza is done.
