My name is Milad . I am from Tabriz. Tabriz is a very big and clean city. It's in the north-west of Iran. It has many beautiful places. It has a beautiful palace and some old mosques. It has an airport and a museum .It has many parks and restaurants. The weather is cold in fall and winter and hot in spring and summer. There is a small village near Tabriz. It's Kandvan. It's a very nice village and is famous for its stone houses. There is a small river and a lot of fields and mountains in kandvan. People work in farms and raise animals.
