TEENBLOG: SPORT

Post about you and your sport here.

It's fun!

My sport is ... rugby! That's me in the photo. People think that rugby is for boys, but that's not true. More than 18,000 women and girls play rugby in England. My team always plays a match on Saturday or Sunday, and I usually go to practice games three times a week. It's hard work, but it's never boring! I'm 14 and I play for the U15s. That's the team for players under the age of 15. When I'm older, I want to go to the rugby summer camp at Loughborough University. My favourite player, Fran Matthews, went there and now she plays for the England national rugby team.

Goofy-foot or regular?

I love the snow and the mountains. I feel at home there. I live in a city and there's no snow here, but in the holidays, I always go to the mountains with my family. I sometimes go snowboarding with Mum, but I often go with my little sister and other young people. Mum usually skis with my dad, and my sister and I like spending more time in the snow than they do. It's usually quiet. When we're in the mountains, I go snowboarding every day and I'm getting really good. I often think about the future – I want to be a famous snowboarder one day, like Max Parrot. Oh, and I'm *goofy-foot* – that means I put my right foot at the front of the board.
