

**HELLO
AND
WELCOME**

Science project

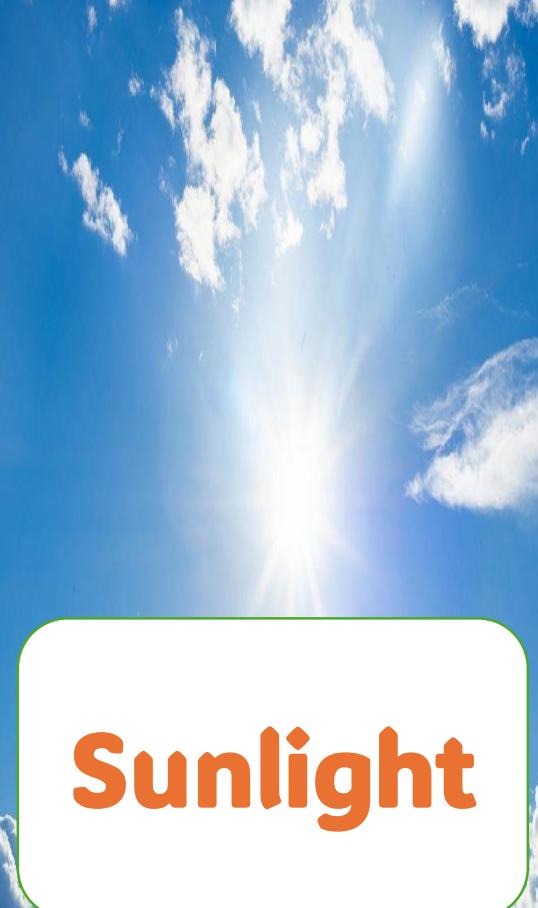

SANDRA HARO

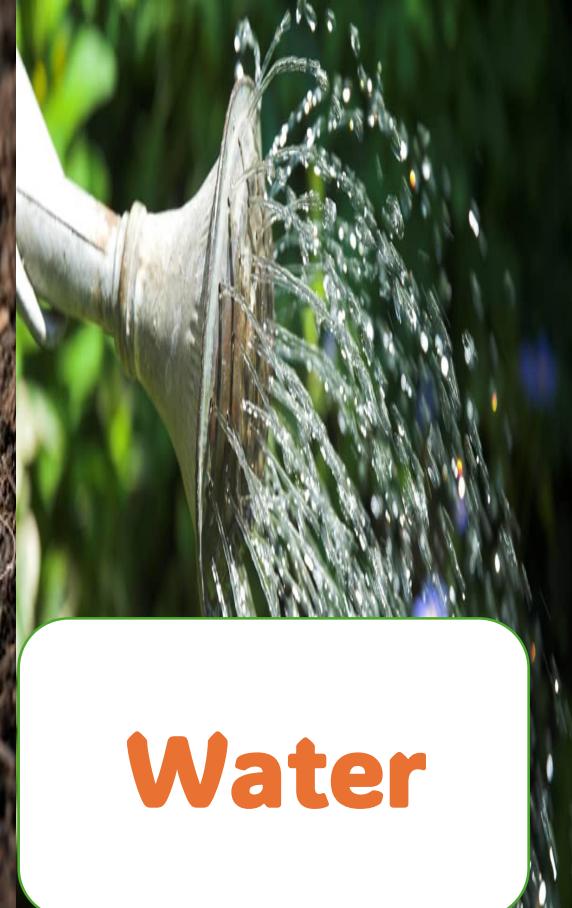

A cluster of ripe red cherries hangs from a tree branch, surrounded by green leaves. A blue oval shape covers the top portion of the image, containing the word "Producer".

Omnivorous

A close-up photograph of a bald eagle's head and upper chest. The eagle has white feathers on its head and neck, a yellow hooked beak, and a sharp, focused eye. It is looking slightly to the left. The background is a solid dark brown.

Carnivorous

Omnivorous

A white rhinoceros stands in a dry, grassy field. It has a large body, two small horns, and a long, curved horn. A bird is flying above its head. In the background, there are rolling hills under a clear sky.

Herbivorous

Carnivorous

Omnivorous

A large buck deer with a full set of antlers stands in a field of tall, dry grass. The deer is facing slightly to the left, with its head turned towards the camera. Its coat is a rich brown color. The background shows more of the same dry grass and some bushes or trees in the distance.
