Look at the runners!

Who came in first?

 In a race, we don't say  
"number one"... we say first!

Then comes second and third!

① → 1st (first)

② → 2nd  
(second)

③ → 3rd  
(third)

Work with a partner.

Imagine a building with 3 floors.

Take turns saying:

"On the first floor, there is a..."

"On the second floor, there is a..."

"On the third floor, there is a..."

THANK

YOU
