States of matter : solid - liquid - gas
This lesson : solid

By Miss Melika Khalilpour

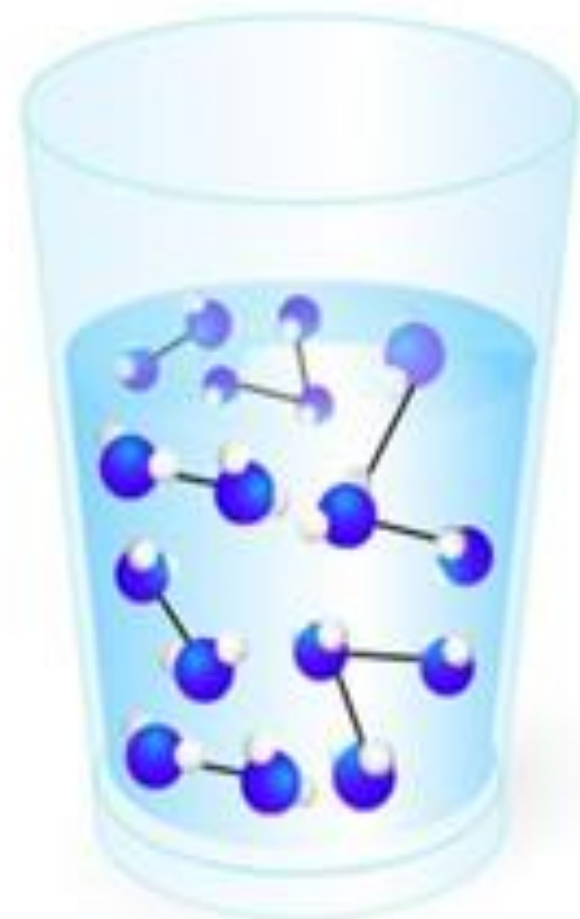

Solid

Gas

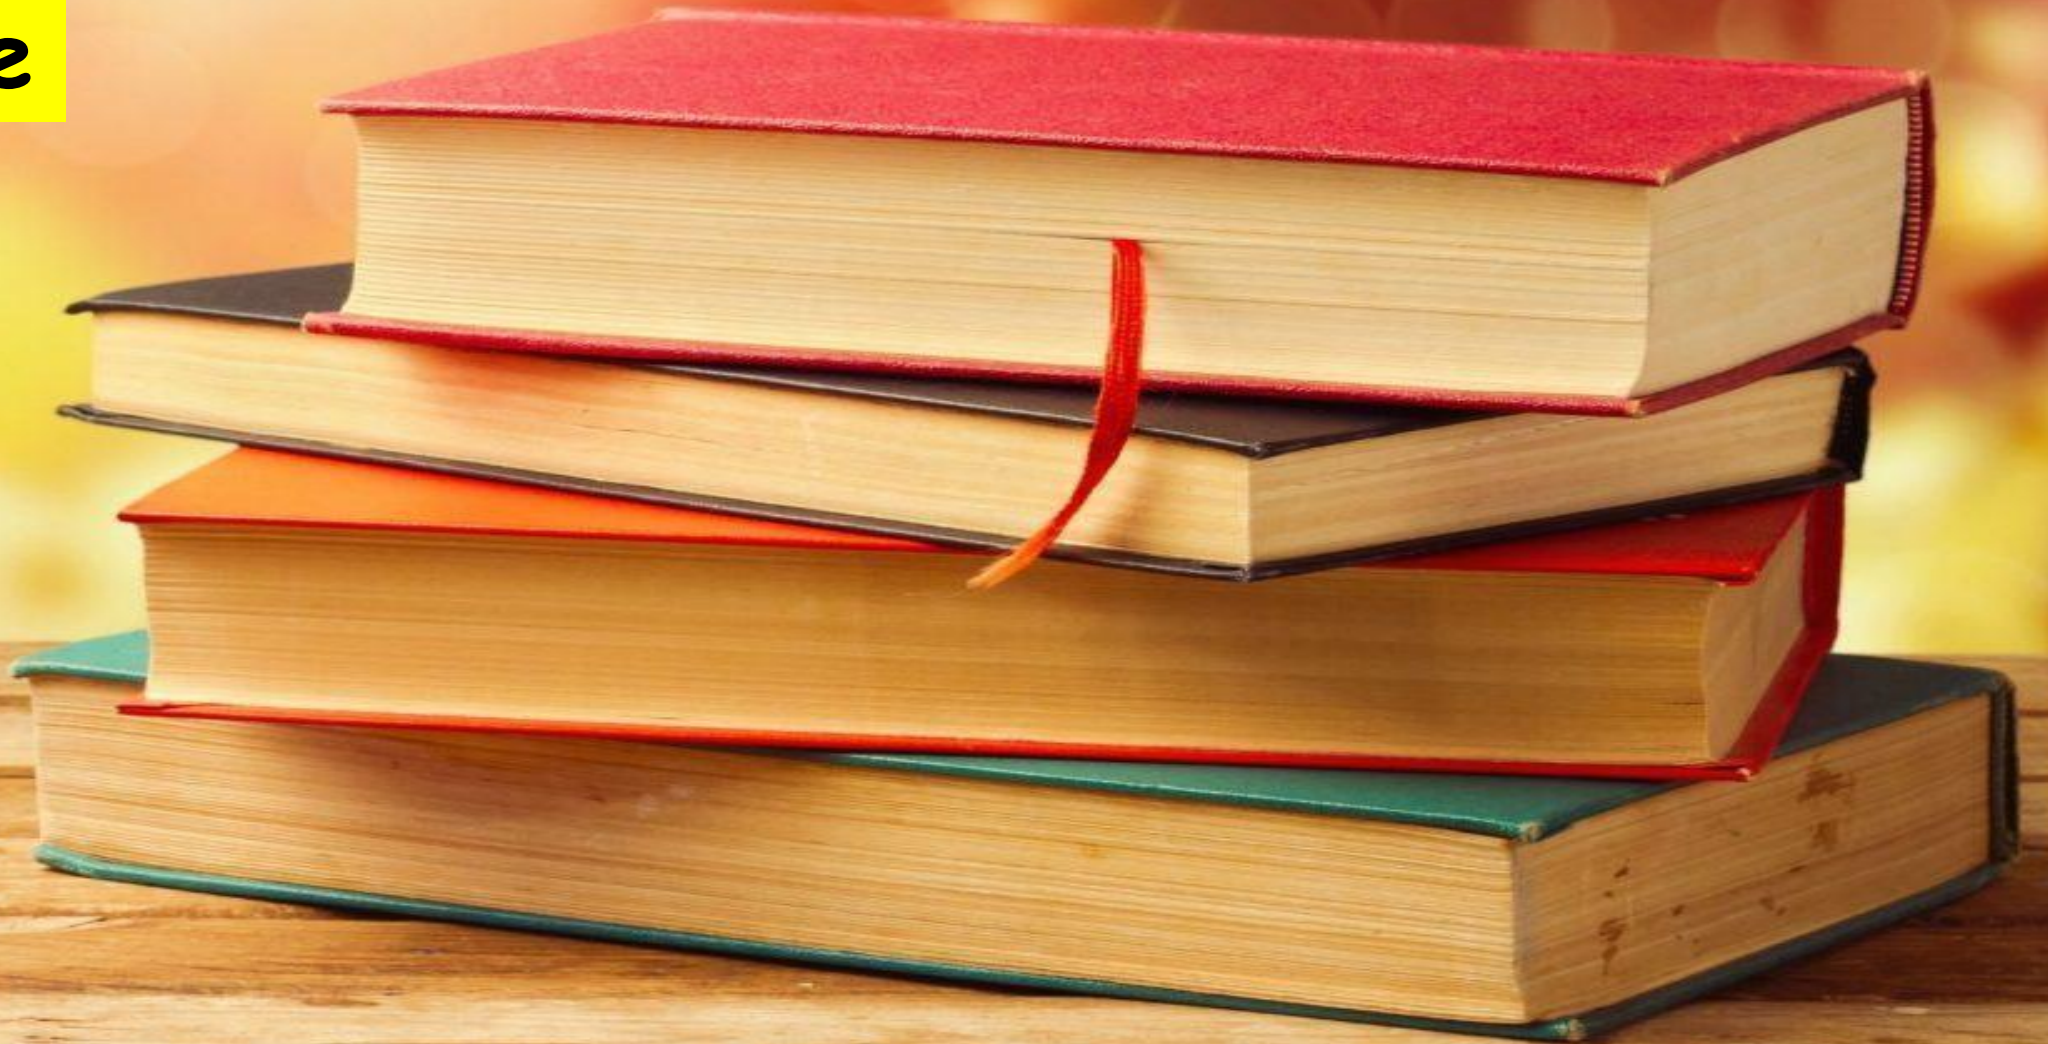

Liquid

What shape are they?

rectangle

What shape is it?

circle

What shape are they?

triangle

What shape are they?

square

**Do the shapes of those things
change?**

No they don't

So, each of them has a shape.

The shape doesn't change.

They're solid.

Some are rough and some are smooth.

Opposites

SMOOTH

ROUGH

Is it rough or smooth?

Are they rough or smooth?

Is it rough or smooth?

Is it rough or smooth?

Is it rough or smooth?

Gas, Liquid, or Solid?

Gas, Liquid, or Solid?

Gas, Liquid, or Solid?

Gas, Liquid, or Solid?

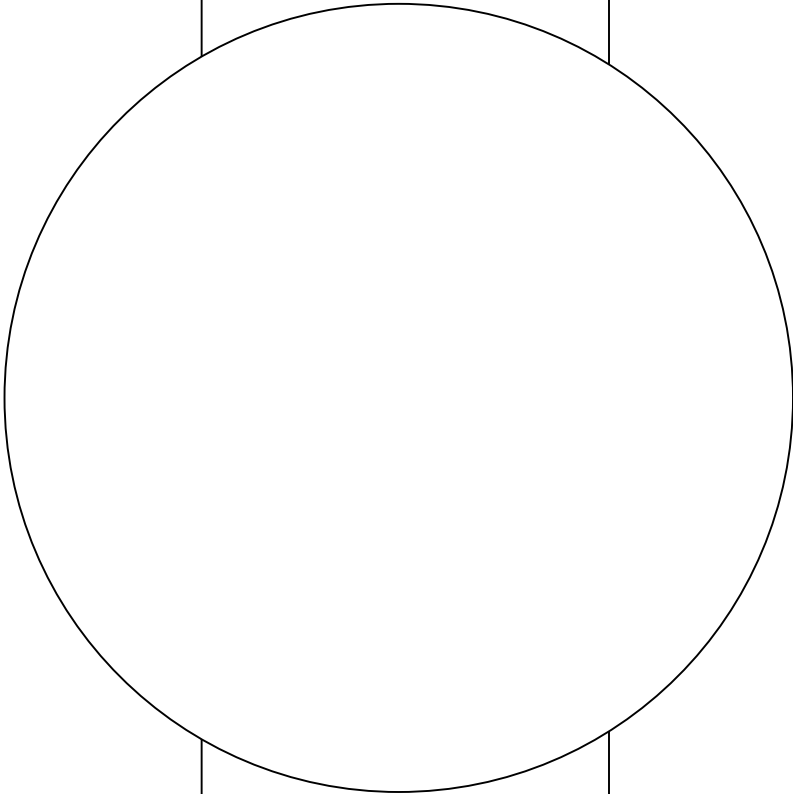

3 States of Matter

Solid

Liquid

Gas
