What **did** you do in the summer holiday ?

SUMMER

Are you ready for a new page of the book ?

Let's read the text in 1 minute. Then answer some questions.

Listen and read. Look and answer.

Last week, Class 3 did a survey. The survey was about what they did in the summer holiday.

This is a bar chart. It shows information about the survey. A bar chart makes it easy to see information.

Look at the vertical line. It shows the number of children.

Look at the horizontal line. This shows information about the activities. How many activities are there?

Can you see the bars? There are five bars. They are different colours. How many children went to the pool?

Let's answer .

21 Look at the bar chart in Activity 20 again. Read and write. Then circle.

- 2 _____ children went to another country.
- 3 _____ children played computer games.
