Ms. Asgari

Hello

Let's review.

Say what they are.

say what they are:

An aerial photograph of a lush, dense green rainforest. The image is dominated by vibrant green foliage. Overlaid on the center of the image is the text "AMAZON RAINFOREST" in large, bold, semi-transparent capital letters. The letters are white with a slight blue shadow, allowing the forest's texture to be seen through them. The text is arranged in two lines: "AMAZON" on the top line and "RAINFOREST" on the bottom line.

AMAZON
RAINFOREST

Do you like going to the Amazon rainforest?.

The bee is drinking the **nectar** in the flower.

leaves

Take a look at these words before you read the text.

Skim read the text in 1 minute; then answer this question:

Listen and read. What runs through the Amazon Rainforest?

The Amazon Rainforest

The Amazon Rainforest is in South America. It's hot and wet in the rainforest and there are a lot of tall trees. The Amazon River runs through the rainforest. It's very long. A lot of animals live in the rainforest and the river.

Parrots

These birds are pretty colours. Their nests are in the trees.

nectar

Hummingbirds

These birds are very small. They drink nectar. It's in the flowers. The birds fly towards the flowers.

Giant tarantulas

These big spiders have got long legs. They are under the leaves in the rainforest. They can eat a bird or a mouse.

Tapirs

These animals have got short legs and small ears. They are near the river. They eat leaves and fruit.

Now listen and read again. Then answer the questions on the next slide.

The Amazon Rainforest

The Amazon Rainforest is in South America. It's hot and wet in the rainforest and there are a lot of tall trees. The Amazon River runs through the rainforest. It's very long. A lot of animals live in the rainforest and the river.

20 Read Activity 19 again. Read and answer.

- 1 Where's the Amazon Rainforest?
- 2 Where's the Amazon River?
- 3 Where are the parrots' nests?
- 4 Where's the nectar?
- 5 Where are the tapirs?
- 6 Where are the giant tarantulas?

THINK!

Why is the Amazon Rainforest special?

MINI-PROJECT

Find out about other animals that live in the Amazon Rainforest. Tell a partner.

Time to read the text aloud!

Can you tell me about the Amazon rainforest?

19

Listen and read. What runs through the Amazon Rainforest?
