Hi! I'm Fernando and I live in Spain. Last weekend I visited the Irati Forest in the north of Spain. There were very tall trees and a lot of grass. I rode my bike in the forest and I listened to the birds. They like flying through the forest. I didn't swim because there wasn't a lake in the forest.

The Black Forest

My name's Anka and last Friday my family and I went to the Black Forest in Germany. There were a lot of pine trees. We walked around the lake. A lot of people swim in the lake in summer but it was snowy and cold on Friday! We didn't walk towards the hills because there was a lot of snow.
