Mass tourism

Mass tourism

Mass tourism:

- Mass tourism means travel by groups on tours.

Mass tourism

A large crowd of tourists is gathered in front of the Procuratie Vecchie in Venice. The building is a grand, multi-story structure with a facade of white stone and a series of arches. The ground is paved, and the sky is blue with some clouds. The text 'Mass tourism' is overlaid on a yellow oval in the upper center of the image.

Mass tourism can reduce costs for people who want to travel.
