Date: _____

Are You the Imposter?

Among Us is fun game that is loved by many in 2020. During the Coronavirus in 2020, children and teenagers looked for things to keep them busy. People started playing a game called *Among Us*.

Among Us was made on June 15, 2018. It is an online game. During this game, you are either a CREWMATE or an IMPOSTER. There can be up to 10 players (3 imposters.) The Crewmates want to find the imposters, and finish the tasks on map. The imposters' goal is to take out the Crewmates.

The game did not get much attention at first. YouTubers started playing the game though. More and more people wanted to play the game to see what all of the excitement was about.

Among Us 2 was set to come out in August 2020. It was canceled a month later though and the team wants to work on making the original game better. We can be sure that hours of time have been spent playing this game and that will not end anytime soon.

Name: _____

Date: _____

Are You the Imposter?

1. When was the game originally developed? Who developed the game?

2. What are the two roles in *Among Us*?
