Christmas tree

1

sleigh

stocking

presents

candy cane

mistletoe

horizontal line

vertical line

diagonal line

zigzag line

curved line

They never intersect.

parallel lines

They intersect at
right angles.

perpendicular lines

* 2.3. Parallel and perpendicular

Look around you.

Describe five pairs of parallel lines that you can see. Use a ruler to check that the distance between the lines is always the same.

Describe five pairs of perpendicular lines that you can see.

Use a right-angle checker to check that the lines meet at 90° .

Which of the letters below have pairs of parallel lines?

A B C D E F G H I J K L M N O P Q R S T U V W X Y Z
