**Topic:** Maths – Time Zones

9/18

1. Imagine you are calling a friend who lives in a time zone that is 5 hours behind yours. If it is 4:00 PM in your time zone when you call, what time is it for your friend?
2. The map shows time zones measured from a place called Greenwich, England. What is the name of the special time used as the starting point for all the world's time zones?
3. Cody finishes a call at 8:44 PM. Marco lives where it is 3 hours later. If they talked for 1 hour and 18 minutes, what time was it for Marco when he called Cody?
4. A plane leaves Mexico City at 11:30 AM.
5. Its destination, Chicago, is in a time zone that is 1 hour behind Mexico City.
6. The flight takes 4 hours and 15 minutes, but there is an additional 35 minutes of taxiing and waiting after landing.
7. How long is the entire journey, and what is the local time in Chicago when the passenger gets off the plane?
