I'm Ingrid and I'm 11. I live in Tromsø in Norway. Every year, there are reindeer races in my city. The people don't ride the reindeer. They go on skis, which are tied to the reindeer. The races are in the streets of the city and everyone shouts for their favourite reindeer. The finish is always exciting and fun!

Hi, my name is Bob and I live in Scottsdale in the United States. In my town, there's a mud race every year. There are some races for children and some races for adults. It's really fun. My brother is really good at racing in the mud! Last year, he came first in his race!
