Part 22,23,24

Shopping carefully is important if you want to save money. I always shop around to find the best ¹ price before I buy. I often find the cheapest prices ² online. Also, I look out for ³ coupons in newspapers, which often help me to save money. When I want to buy a big item, I usually wait until the ⁴ sales. These often take place at the end of summer or winter when shops are trying to clear their shelves before the new things arrive for the next season.

Another thing I do is always make a ⁵ shopping list before I go food shopping. That way I don't waste money on lots of things that I don't need. Also, I never go food shopping when I'm ⁶ hungry because I end up buying more food than I should!

Finally, I always take care when I'm at the till. I check the ⁷ receipt carefully to make sure that I'm paying the right amount of money. Also, I count my ⁸ change in case there are any mistakes.

23 Match.

1 Coupons are ...

2 Sales are... e

3 A shopping list is ... a

4 A till ... b

5 A receipt is ... c

6 Change is ... d

a something that people write before they go shopping to help them remember what to buy.

b is a machine in a shop where you pay.

c a piece of paper that shows what you bought and how much it cost.

d money you get back when you give the shop assistant more money than the price of the thing you are buying.

e when things in a shop are sold at a lower price than usual.

f vouchers that let you buy something at a lower price than usual.

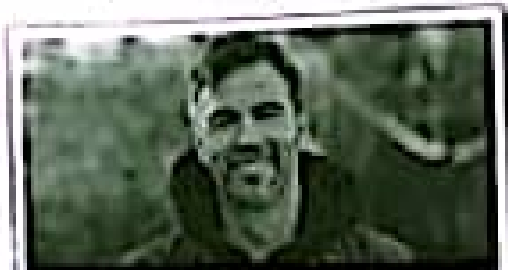

24 Complete the sentence.

When I grow up, I will spend money on ^{electronics, like phones and computer games} _____ and I will save money for college .

Charity shops

Hi, I'm John. I'm a volunteer at a charity shop. I work two mornings a week and I give my time for free. Lots of people donate things to our shop and we sell them to make money for our local hospital. We sell second-hand books, clothes, shoes, toys and many other things. I believe that working or shopping at a charity shop is a great way of supporting your local community and helping others.

My name is Charlotte. I never throw my old books and clothes away! I always give them to my local hospital charity shop. In my opinion, giving things to a charity shop is a great way of recycling items you don't need any more. When I go to the charity shop to donate my things, I often end up buying something too! Sometimes, I buy more than I give! But that's good because all the money raised goes to my local hospital.

1 John supports the charity shop because he ...

2 Charlotte supports the charity shop because she ...

26 Match.

1 a volunteer

2 donate

3 second-hand

4 recycling

a not new, used

b using again

c give

d a person who works for free

27 What's your opinion of charity shops?

In my opinion ... / I believe that ... / I think ...
