## Hawaii Adventure

Have you ever explored a tropical rainforest? Have you ever seen a volcano or tried rock climbing? On Hawaii, you can do all these things and more! We've planned an exciting tour of this volcanic island and all its natural wonders. You'll stay in a big, modern hotel with a swimming pool. You can also relax on Hawaii's beautiful beaches and go surfing in the ocean.

## 10 Serengeti Adventure

Have you ever been on a real safari? Would you like to see wild animals, like lions and giraffes, on the Serengeti plains of Africa? Why not take our new Serengeti tour? We've organised a great adventure with lots of hikes and other activities, like hang gliding. During your holiday, you'll camp in a tent or stay in small hotels. We also do boating tours on Lake Victoria. Bring your camera and you'll have wonderful photos to take home with you!
