

Pupils Book  
Page 96

**28** Read again. Say *summer* or *winter*.

1 People use kayaks. **Summer**

2 People use snowmobiles. **Winter**

3 There are some very long days. **Summer**

4 There are some big snowstorms. **Winter**

Activity Book  
Page 88

15 Complete the words with *ph* or *wh*. Then read them aloud.

1 wheel

2 dolphin

3 white

4 whisper

5 whale

6 phone

7 elephant

8 alphabet

16 Read the sentences. Then underline the *ph* sounds and circle the *wh* sounds.

1 Where did you see the dolphins and the whales?

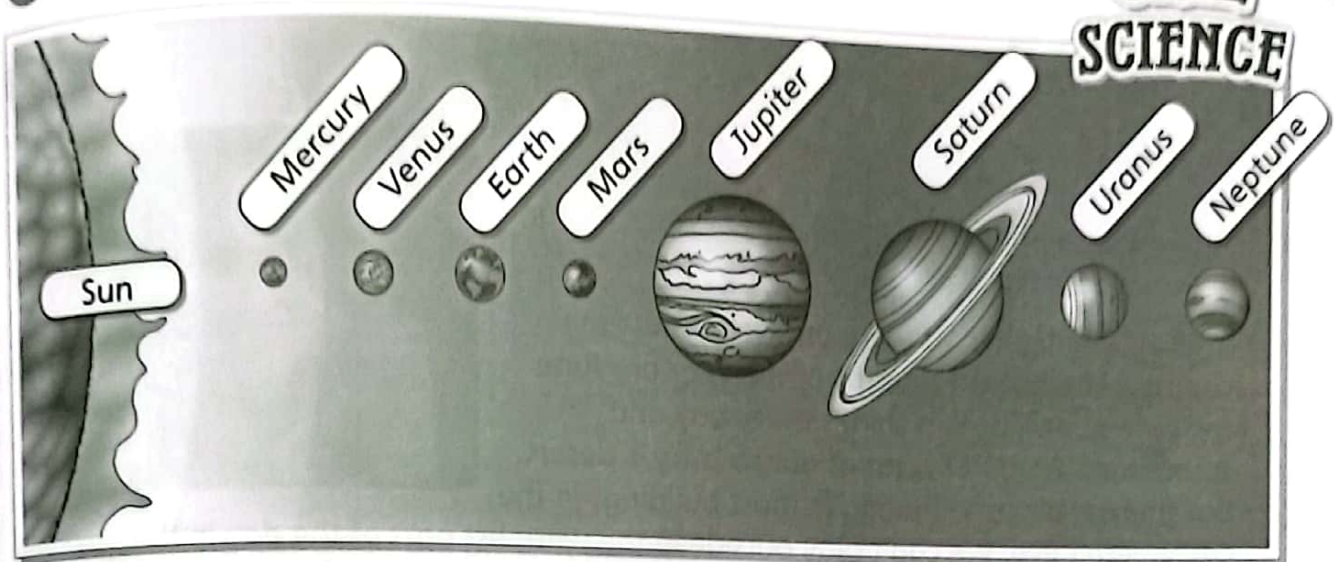

2 Don't whisper when you're on the phone because I can't hear you.

3 Why have you painted your phelephant white?

4 What's the last letter of the phalphabet?

Homework:  
Activity Book-Page89

18) Look, read and write.

In our Solar System, there are eight planets that move around the Sun. The Earth is a planet with an environment that is better for life than any other planet. The closest planet to the Sun is Mercury, which is very hot. The largest planet is Jupiter, which has many clouds and 63 moons. Neptune is the planet that is furthest away from the Sun so it's the coldest.

- 1 The Earth is a planet.  
a planet    b star
- 2 The planets in our Solar System move around the \_\_\_\_\_.  
a moon    b Sun
- 3 \_\_\_\_\_ is the planet that has an environment that is the best for life.  
a Earth    b Mars
- 4 \_\_\_\_\_ is the closest planet to the Sun.  
a Mercury    b Neptune
- 5 \_\_\_\_\_ is the largest planet in the Solar System.  
a Saturn    b Jupiter
- 6 \_\_\_\_\_ is the coldest planet in the Solar System.  
a Neptune    b Mercury

19) You can use sayings to help you to remember the order of the planets in our Solar System. Make up your own saying!

Mercury	Most	M _____	Jupiter	Just	J _____
Venus	Very	V _____	Saturn	Sleep	S _____
Earth	Educated	E _____	Uranus	Under	U _____
Mars	Monkeys	M _____	Neptune	Newspapers	N _____
