PHONICS

19 Listen and read. Where can you find coral reefs? Then find the words.

butterfly fish coral reef dead parrot fish seahorse starfish

Save the Reefs!

Coral reefs are made of small sea animals and their skeletons. You can find coral reefs in the Red Sea, and other seas in warm and sunny places. A lot of fish and sea animals live on them. There are seahorses, starfish, butterfly fish, parrotfish and a lot more. There are a lot of pretty colours in the reef.

What will coral reefs be like in the future? The sea temperature might be too warm for coral reefs because of global warming. The coral will die and the reef will be white. There won't be any fish or sea animals on it. Fish don't like dead coral.

Please help us save the coral reefs!

20 Read and circle.

- 1 Fish and **sea animals** / skeletons live on coral reefs.
- 2 There are seahorses and stars / **starfish** on the coral reefs.
- 3 In the future, the temperature of the sea might be too **warm** / cold.
- 4 Because of global warming the coral will be **white** / black.
- 5 The coral will die and there **might** / won't be fish on it.

THINK!

Coral reefs live in sea water. Say two places where coral reefs can't live.

PROJECT

Make a poster about what the reef might be like in the future.

CULTURE

Natural disasters

21 Listen and read.

earthquake

1

My name's Aiko and I live in Japan. There are often earthquakes in Japan. There will be more earthquakes in the future, but we've got strong buildings. We've also got tsunamis. They are big waves made by an earthquake under the water. There might be a tsunami next month, but it won't be very big or dangerous. We live near the coast, but we'll be safe in our flat.

Aiko, 10, Japan

2

I'm Dan and I live in Texas. There are often tornadoes in my town. A tornado is a storm with air that goes around very quickly. It's very warm and humid today, and so it might be stormy tomorrow. There won't be thunder or lightning, but there might be a small tornado. There are about one thousand tornadoes in the United States every year, and so we know what to do. We'll stay calm and we'll look for a safe place.
