

The tourism industry has different parts. Some of these are:

- ✏ Transport; such as airlines, railways, boats, and road transport.
- ✏ Places to stay; such as hotels, camping grounds or parks, youth hostels, and bed and breakfasts.
- ✏ Food and drink; such as restaurants, cafes and bars.
- ✏ Mass tourism means travel by groups on tours. Mass tourism can reduce costs for people who want to travel.

Definitions:

- 1) **Cuisines:** A style of cooking.
