

PREVIEW

Amazing Animals

In this text, we learn about different kinds of animals and the groups they belong to.

This text is an *informational text*. Informational texts tell us about our world.

Life Science

Before You Read

Think What do you know about fish?
Do you like frogs? Why / Why not?

C Learn Compare and Contrast

To **compare** things, we tell how they're the same.

Honeybees and birds both have wings.

To **contrast** things, we tell how they're different.

Honeybees make hives. Birds make nests.

Read the text. What's the same? What's different?
Check (✓) the correct column.

Mice and hamsters are both mammals. They both have fur, four legs, and run fast. Hamsters live inside, and mice usually live outside. Both animals are small.

	Same	Different
1 Fur?	✓	
2 Four legs?		
3 Inside or outside?		
4 Big or small?		

D Look at the title on page 10. What do you think the text is about?
