21st Century Schools

Hello

What are going to study?

**Yes , we will study the
body organs**

1

Humans and animals

1.1 Body organs

Words to learn

organs organ systems

You know what the outside of your body looks like. But what's inside your body? Think of as many inside parts as you can.

The parts inside your body are called **organs**.

The body organs do different jobs to keep you alive and healthy.

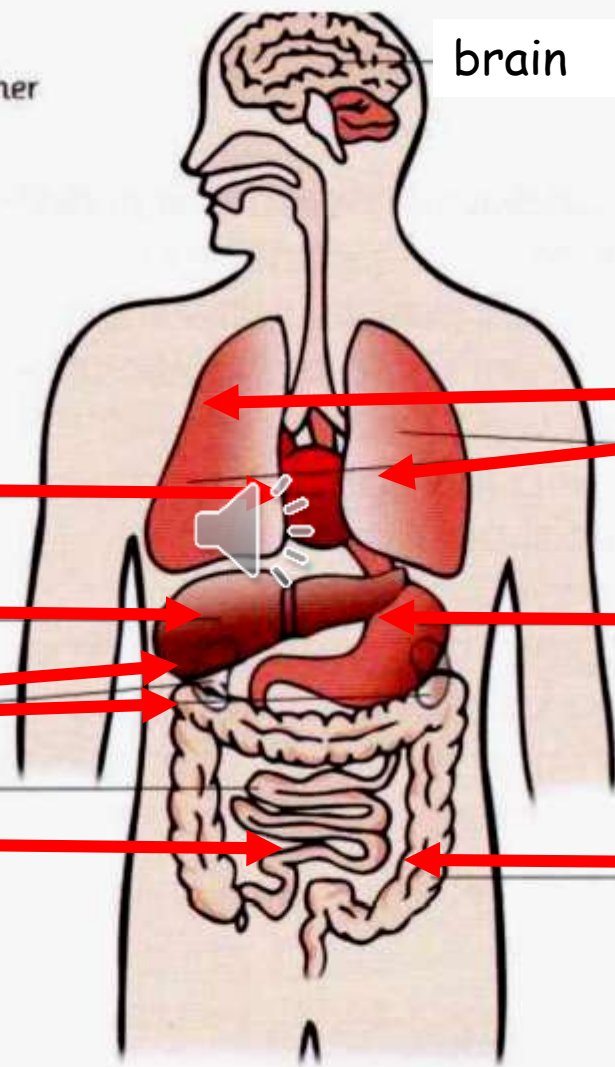

Different organs work together
to form **organ systems**.

you alive and healthy.

different organs work together to form organ systems.

brain

lungs

heart

liver

stomach

Kidneys

small intestine

Large intestine

Let's read one by one
