similarities and differences in people:

All humans have got the same body parts

2 eyes, 2 ears, 1 nose, 2 hands and 2 legs,

but all look different from each other.

We are different in:

1. hair quality

Our hair is long or short.

Our hair is straight or curly.

2. colour of eyes

black eyes

brown eyes

Our eye colour is black, brown, green or blue.

3. skin tone(colour)

FAIR

WHEATISH

DARK

Our skin tone is fair, wheatish or dark.

4. height

tall

short

We are tall or short.

5. fingerprint

loop

whorl

arch

Our fingerprint is a loop, a whorl or **an** arch

Some people **have got** freckles.

Some people **wear** glasses.
