

**Alavi**

21<sup>st</sup> Century Schools

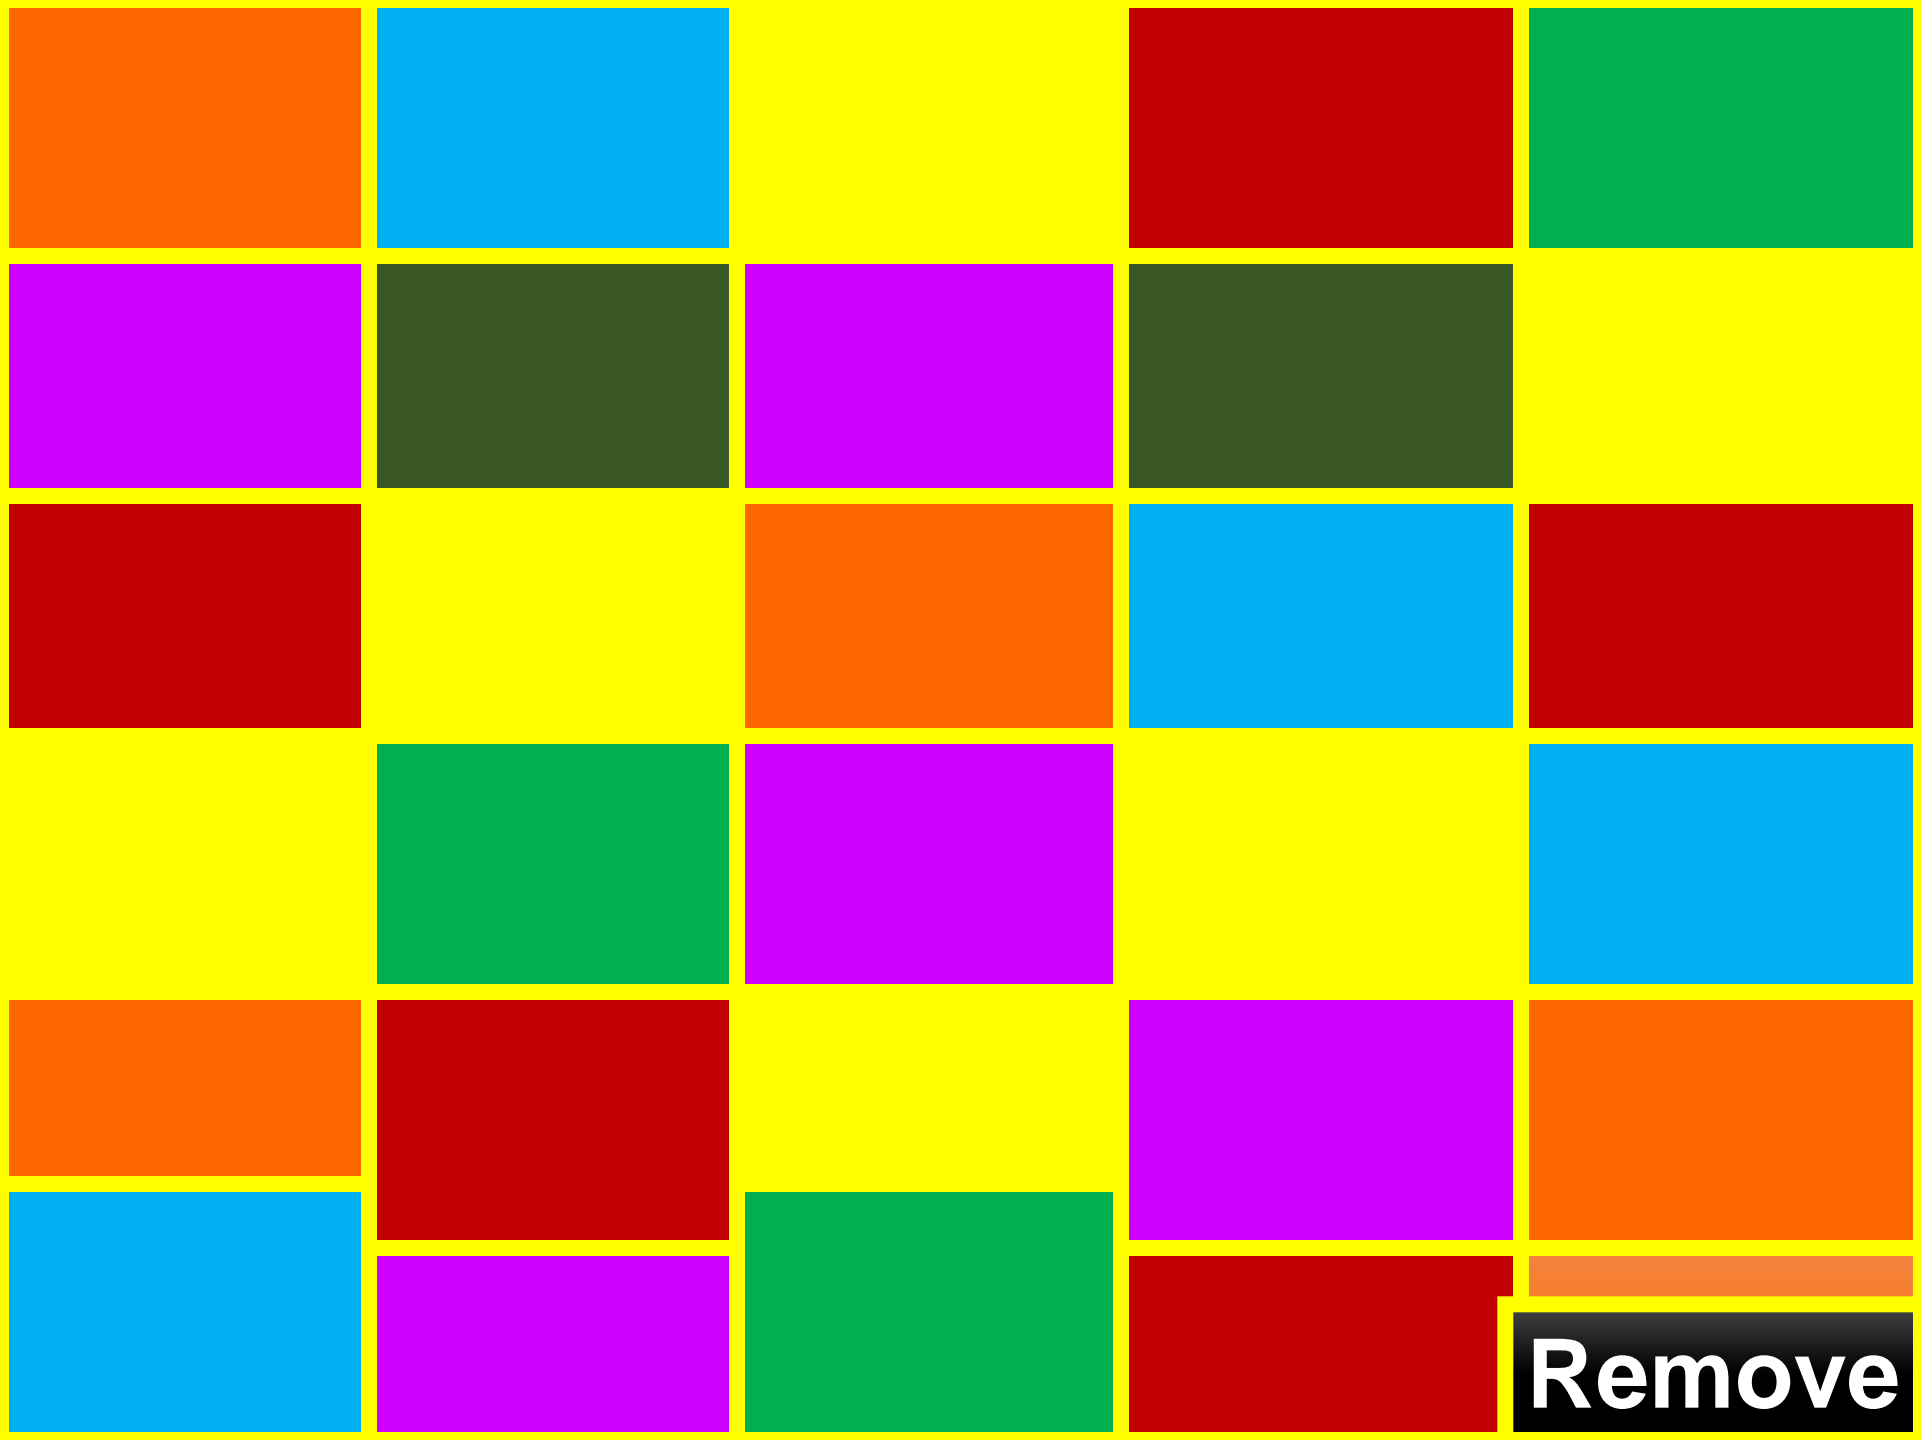

♥ Hello ♥

What do we  
want to study?

**Remove**

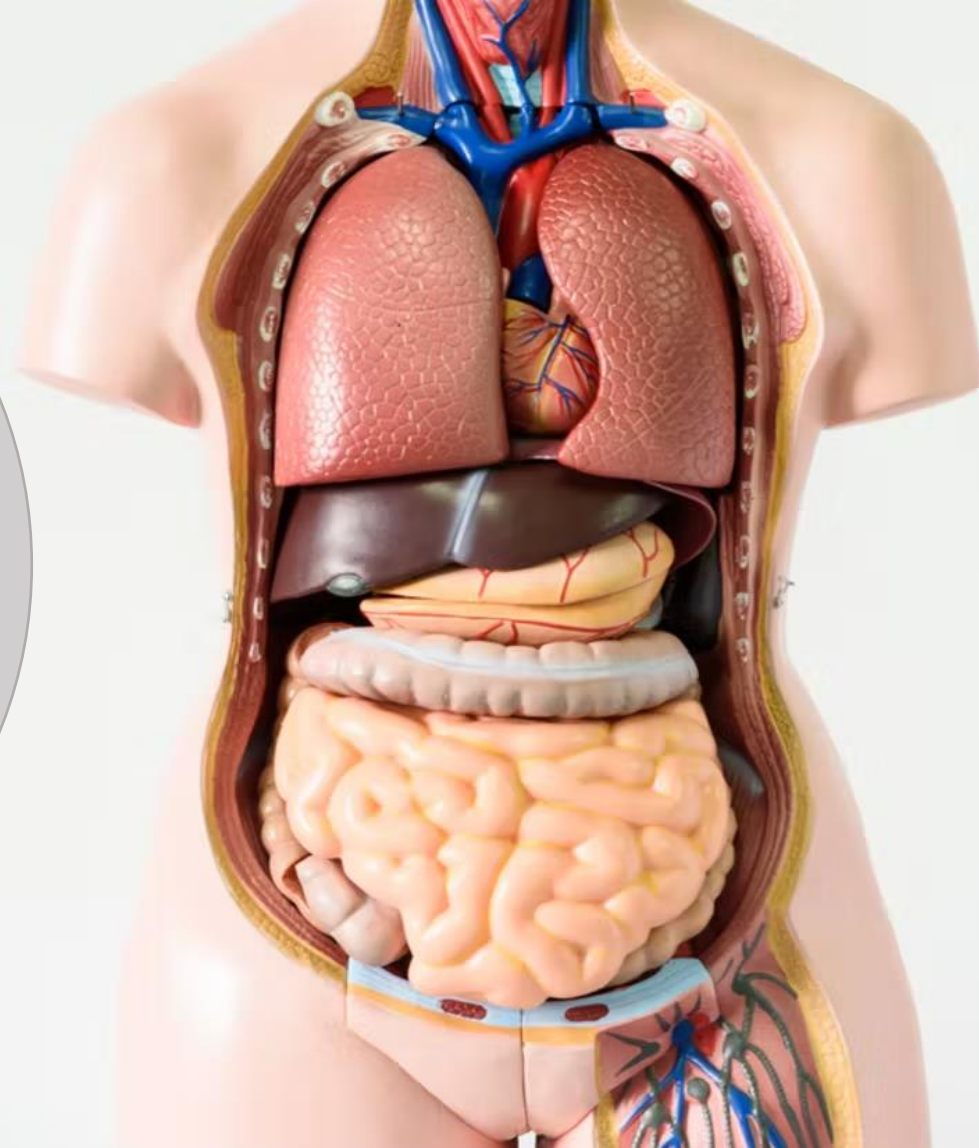

**What's inside your body?**

The parts  
inside  
your body  
are called

....

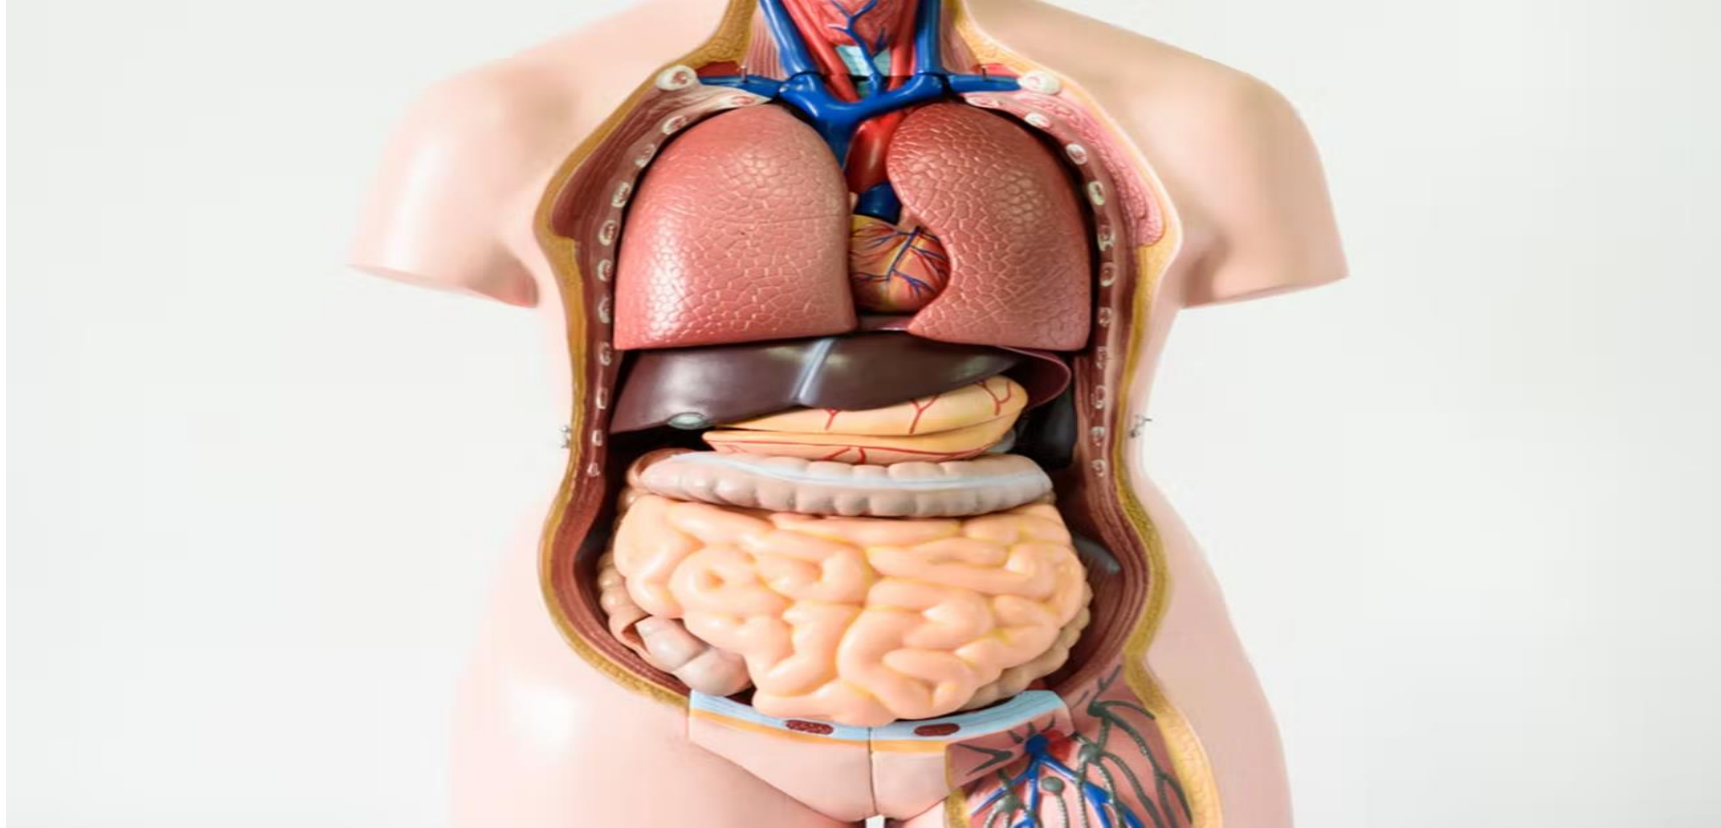

organs

Why do you  
need these  
organs?

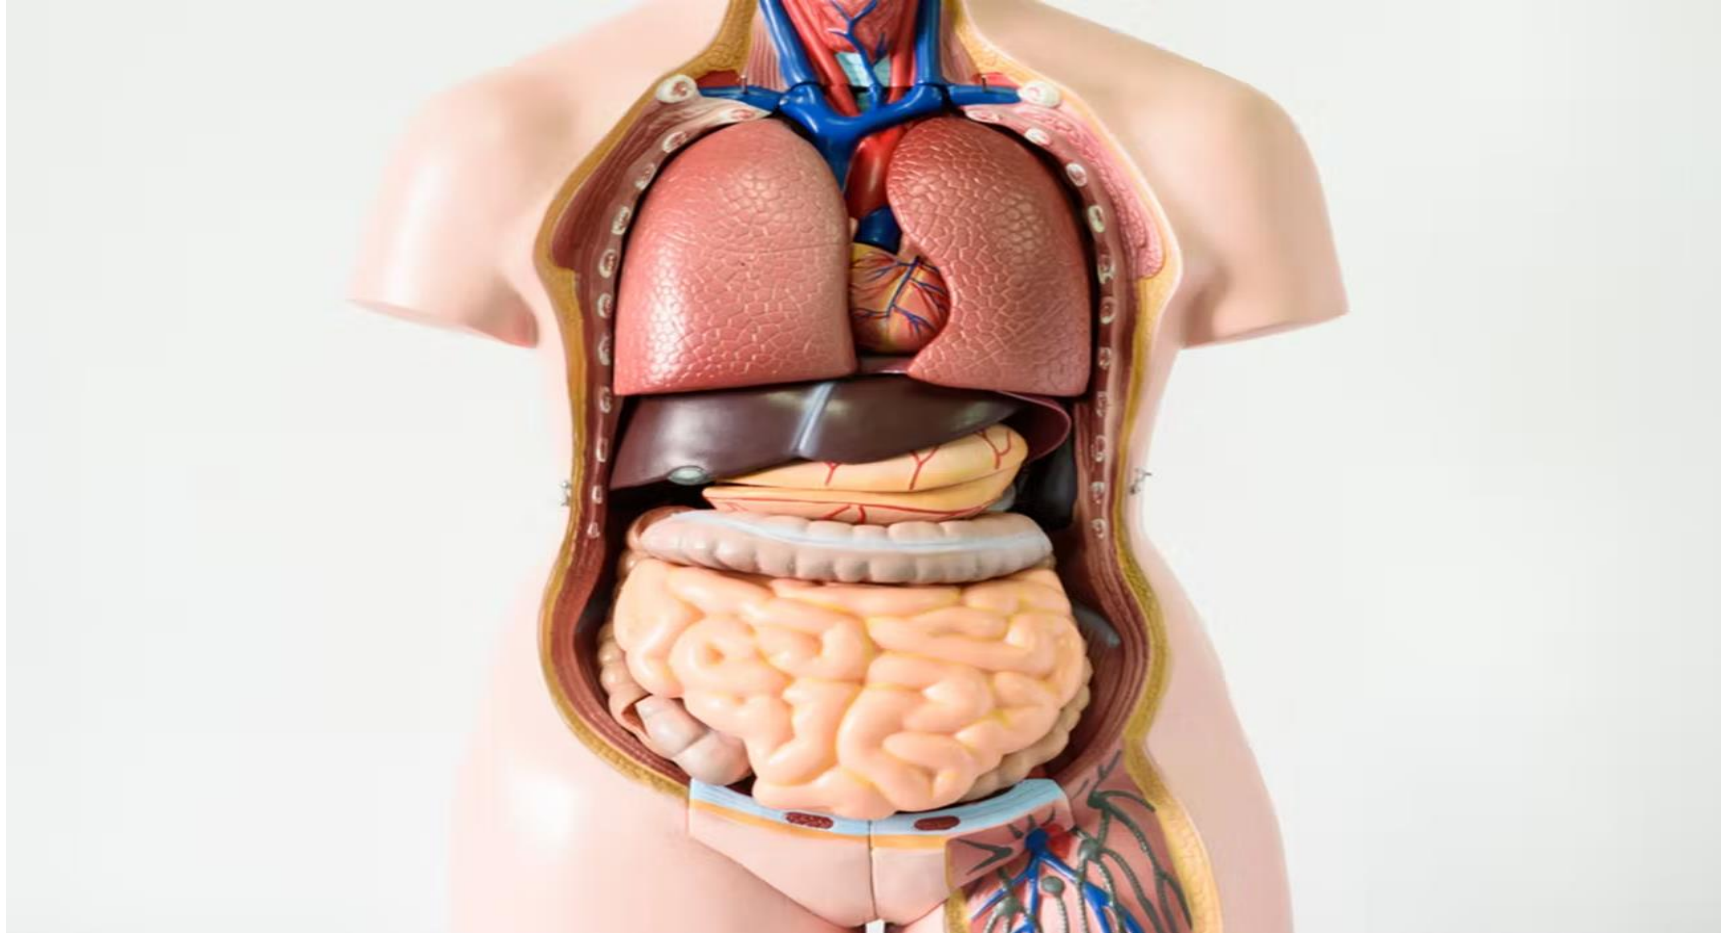

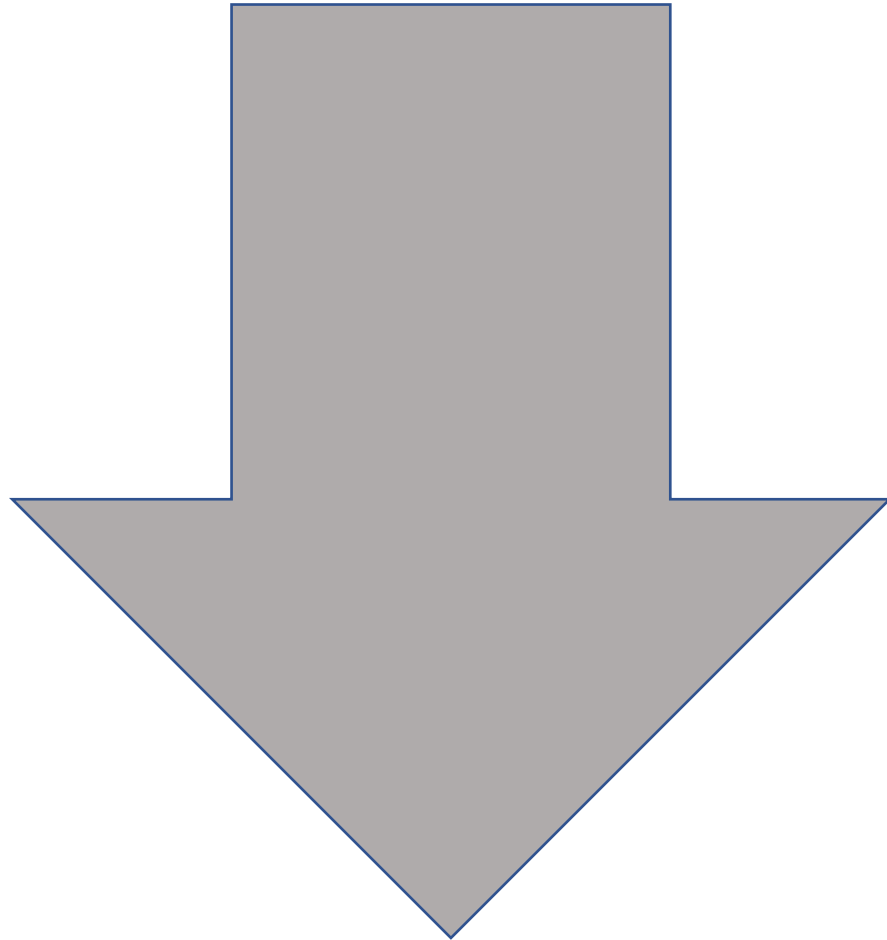

The **body organs** do different jobs to keep

you **alive** and **healthy**.

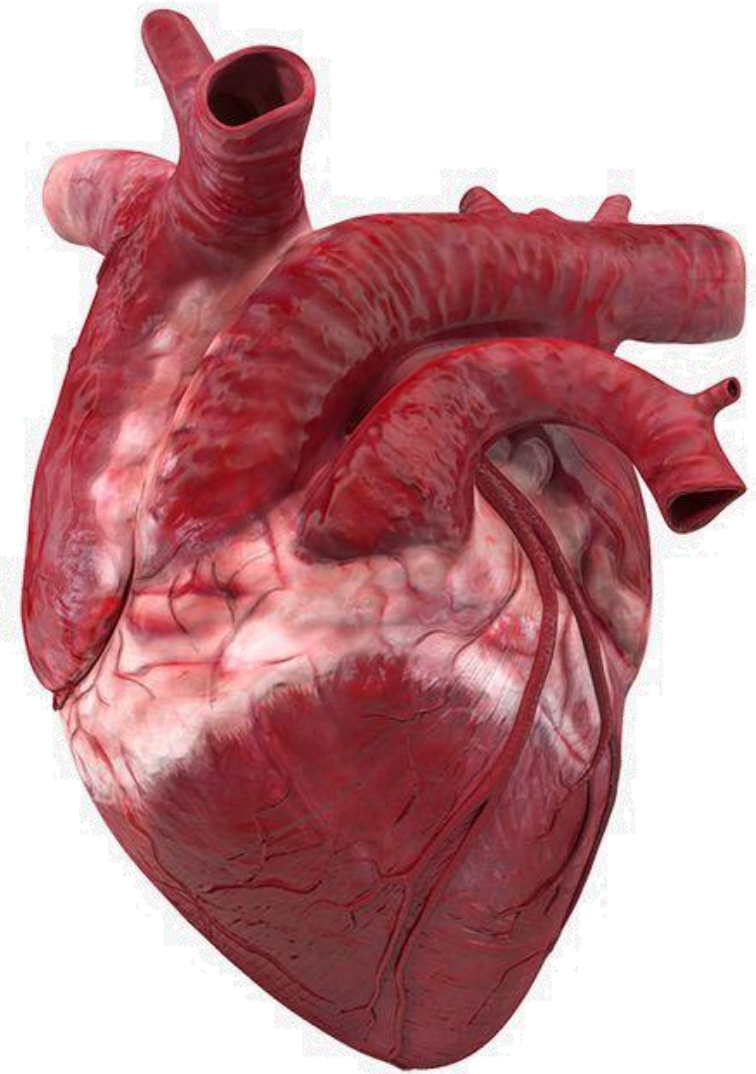

Different organs work together to form  
organ systems.

The major body organs are...

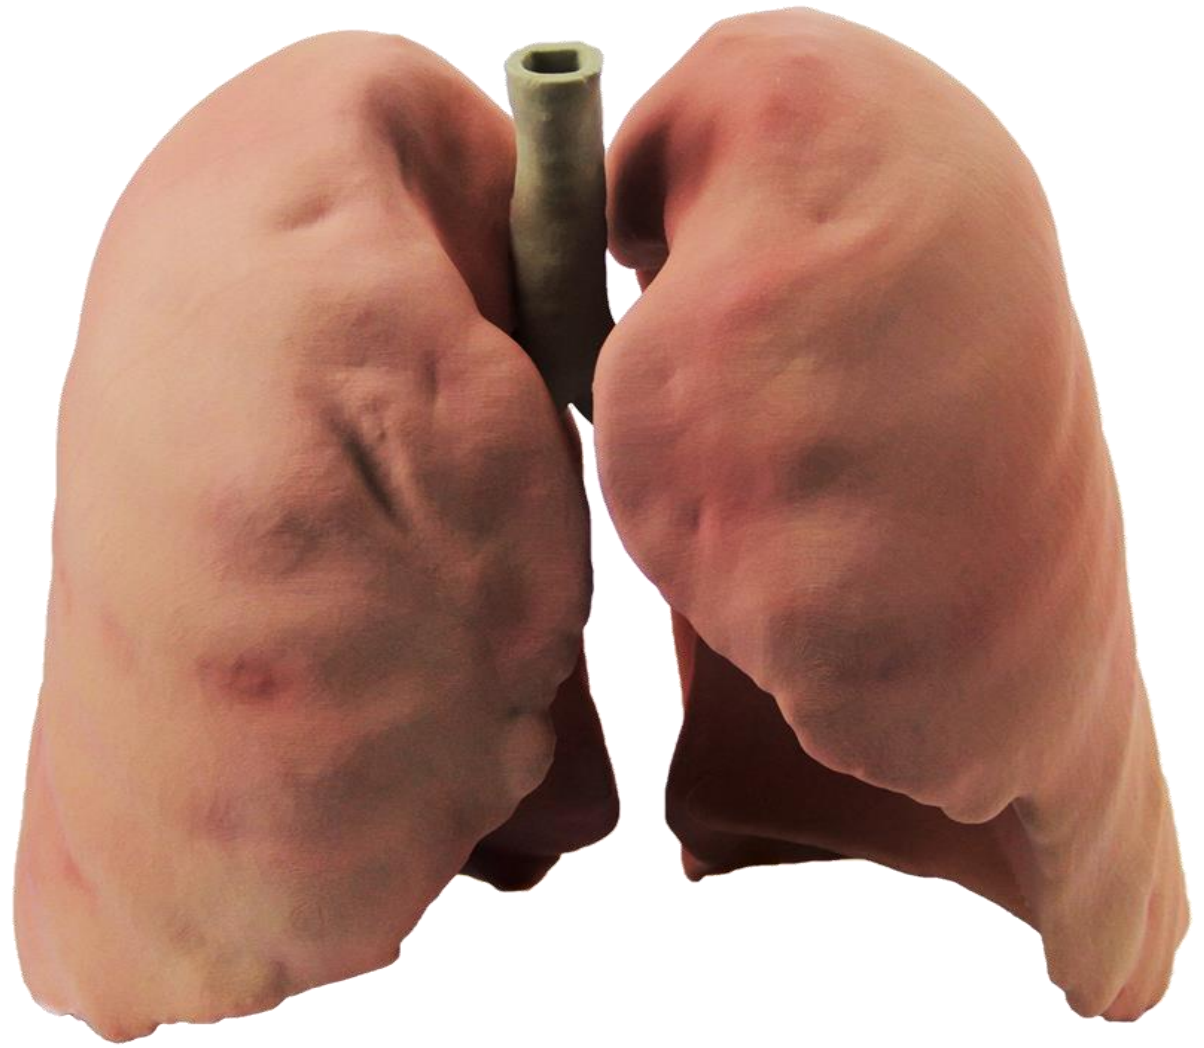

heart

brain

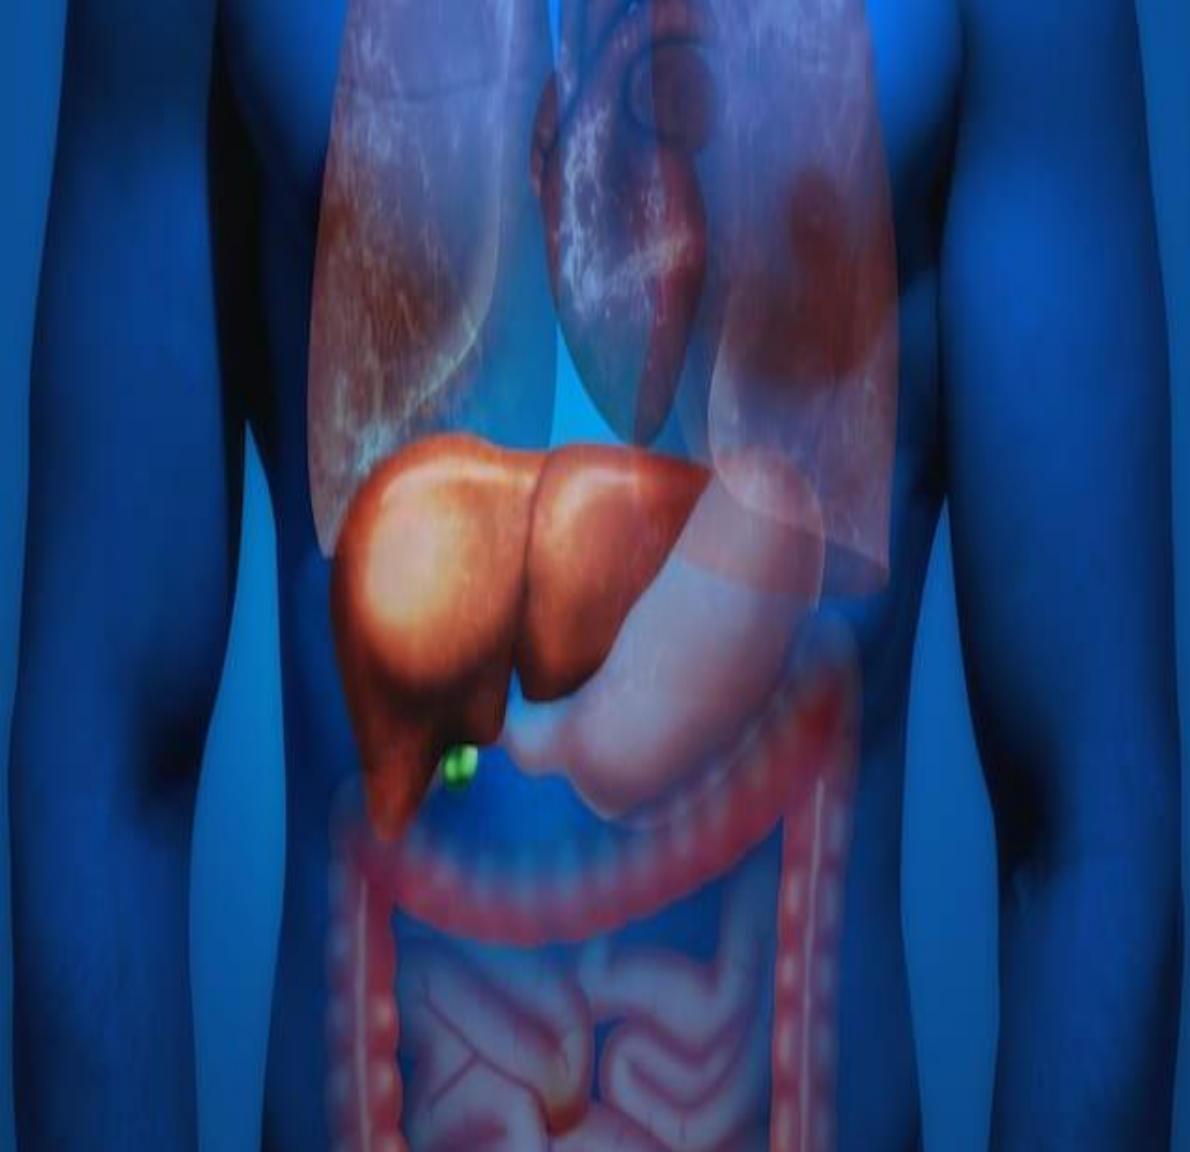

lungs

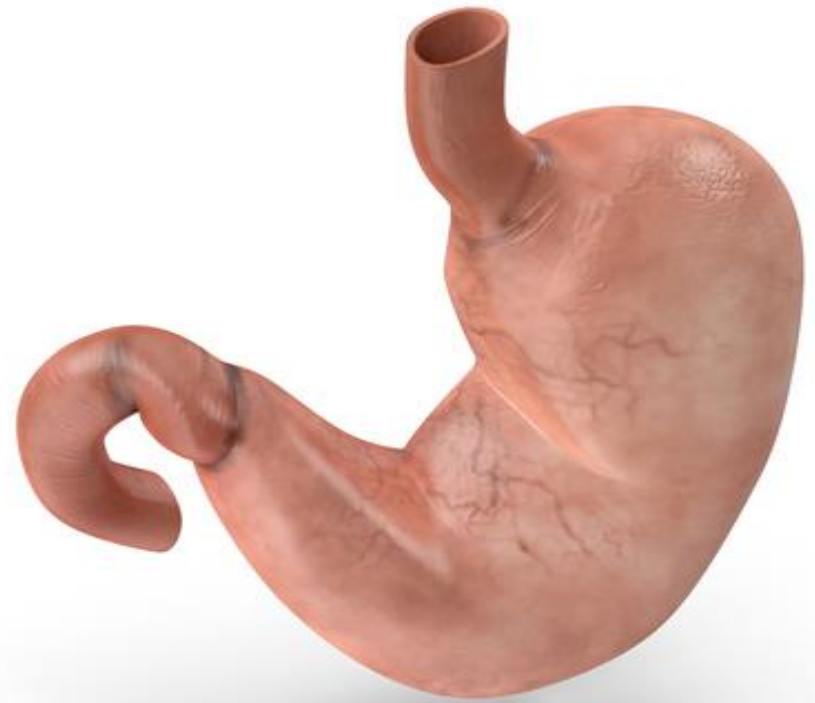

**kidneys**

**liver**

stomach

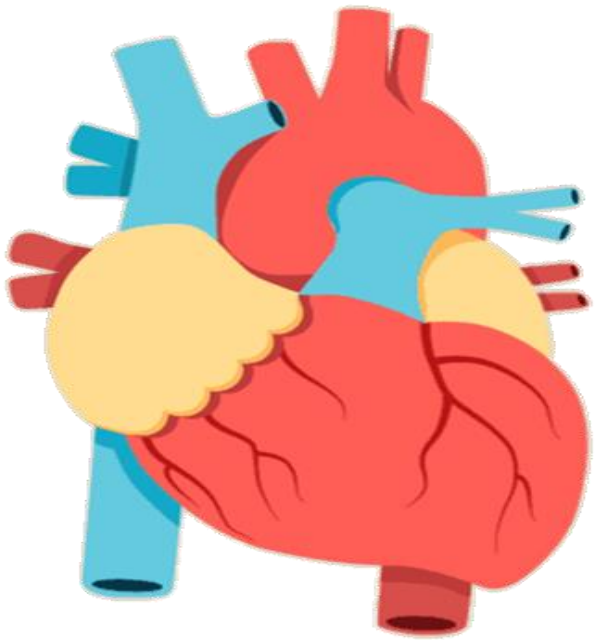

large intestine

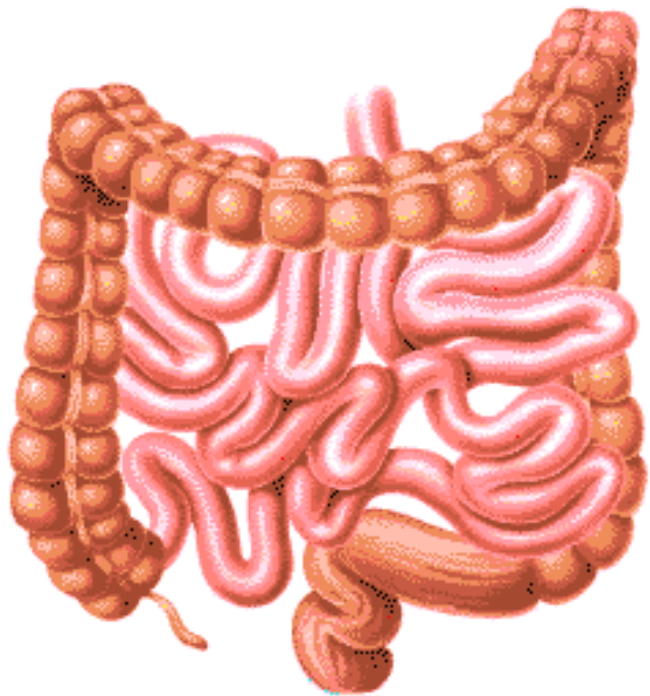

small intestine
