# Trees are cut down:

To clear land for mining.

To collect wood to make furniture.

To collect wood to burn as a fuel.

To clear land cities.

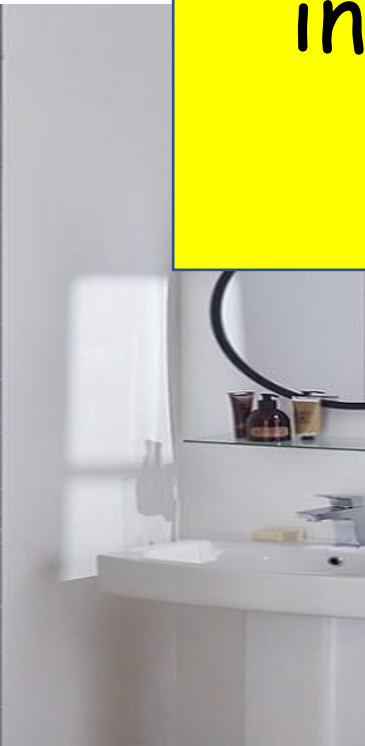

To clear land for farming.

How can we conserve water?

We can conserve water.  
Here are some ideas:

Have a shower  
instead of a  
bath.

Never leave  
a tap dripping.

Collect  
rainwater  
in a tank and  
use it  
for washing.  
(for example  
the car, the  
yard)

How can we conserve energy?

We can conserve energy.

Here are some ideas:

Switch off  
electricity  
when you are  
not using it.

Use energy-  
efficient  
bulbs.

Walk or ride a  
bike.

ensia

Use solar panels to heat water.

Solar panels are cheaper and cleaner..

Have a s...  
instead of a b... .

Never leave  
a t... d... .

C... rainwater  
in a tank and  
use it  
for w....  
(for example the  
car, the yard)

S... electricity when  
you are not using it.

Use e... bulbs.

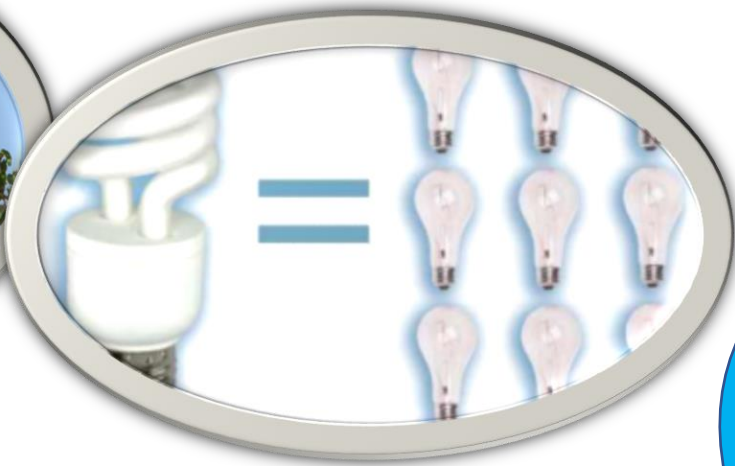

W... or r... .

Use s... to heat  
water.

Solar panels / energy-efficient / shower / switch off /  
tap / dripping / walk / washing / ride a bike / bath / collect

How can we  
conserve  
water?

How can we  
conserve  
energy?
