

Plants can look very different.
Most have four main parts:

Leaves
make food for
the plant.

Stem
transports water
around the plant.

Roots
support the plants
and collect water
from the soil.

Make a model plant.

Make a plant like this one.

Make labels for the stem, roots, leaves and flower.

Stick them to your plant.

You will need:

string, straw, coloured paper or card and sticky tape/ glue.

Flowers
help the plant to
make seeds.
