Natural Materials

What are natural materials?

natural materials come
from the ground.

Its wood.

Wood comes from the ground.

Wood is a natural material.

Its rock.

rock comes from the ground.

rock is a natural material.

Its cotton.

cotton comes from the ground.

cotton is a natural material.

Its oil.

oil comes from the ground.

oil is a natural material.

Its water.

water comes from the ground.

water is a natural material.

Its soil.

soil comes from the ground.

soil is a natural material.

Its fur.

fur comes from the ground.

fur is a natural material.

Its metal.

metal comes from the ground.

metal is a natural material.
