

* 6.2. Taste and smell

Our senses of smell and taste often work together. They help us to avoid eating bad food.

Take care when smelling things in case they are dangerous. Always smell from at least 10 cm away.

Smell and taste!

Find five foods. Record how they smell and taste.

	<p>I smelled a kiwi fruit ----- It smelled pleasant -----</p>		<p>I tasted ----- It tasted -----</p>
	<p>I smelled ----- It smelled -----</p>		<p>I tasted ----- It tasted -----</p>
