Passage 1: A dictionary is a book which explains the meanings of words and expressions. You can find words easily because dictionaries put them in alphabetical order. The word "dictionary" comes from the Latin "dictio" ("saying"). There are several types of dictionaries. Dictionaries which explain words and how they are used; dictionaries which translate words from one language to another; dictionaries of biography which tell about famous people; and technical dictionaries which explain the meanings of technical words.			
36	What is the origin of the word "dictionary"?		
37	Why can we find words in a dictionary easily?		
38	What is the difference between technical dictionaries and biographical ones?
