

Expanding Numbers

Grade 2

Write the number in standard form:

$800 + 90 + 6 = \dots\dots\dots$

$600 + 20 + 3 = \dots\dots\dots$

$700 + 50 + 9 = \dots\dots\dots$

$900 + 80 + 5 = \dots\dots\dots$

$400 + 40 + 7 = \dots\dots\dots$

$100 + 10 + 2 = \dots\dots\dots$

$400 + 50 + 4 = \dots\dots\dots$

$900 + 60 + 7 = \dots\dots\dots$

$500 + 40 + 3 = \dots\dots\dots$

$300 + 10 + 1 = \dots\dots\dots$

$600 + 20 + 7 = \dots\dots\dots$

$300 + 90 + 6 = \dots\dots\dots$

Write the expanded form of each number:

$529 = \dots + \dots + \dots$

$864 = \dots + \dots + \dots$

$174 = \dots + \dots + \dots$

$375 = \dots + \dots + \dots$

$289 = \dots + \dots + \dots$

$856 = \dots + \dots + \dots$

$453 = \dots + \dots + \dots$

$368 = \dots + \dots + \dots$

$734 = \dots + \dots + \dots$

$932 = \dots + \dots + \dots$
