

Equality is:

- understanding that everyone is different but that we are all people.
- knowing that everyone has the right to be treated fairly.
- treating others with respect.

Discrimination means to treat a person or a group of people unfairly, especially because of their differences, such as **race, religion, age, disability or gender.**

This is not OK.

What Is Discrimination?

There are similarities and differences between each and every one of us and that is what makes the world an exciting place.

“When I see you through my eyes, I think that we are different.
When I see you through my heart, I know we are the same.”
